2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Mysore between the hours of 11 A.M. and 5 P.M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. The final acceptance of any tender will rest with the Chairman, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

5. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

6. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

7. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

Y. ASVATHANARAYANA RAO,
Executive Engineer.

SHIMOGA DIVISION.

Dated 16th February 1913.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Shimoga Division, up to 5 P.M. on 8th March 1913, for restoring the Udagoni Thonsikatte, Registered No. 728—1132, Shikarpur Taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of May 1914.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Shimoga between the hours of 11 A.M. and 5 P.M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 100 sent *separately in cash* or *Government Promissory Notes*, as earnest money, and be superscribed "Tender for restoring the Udagoni Thonsikatte, Registered No. 728—1132, Shikarpur Taluk," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Superintending Engineer, Northern Circle, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, by about 1st April 1913, and on production of receipts granted therefor the earnest money on rejected tenders will be returned.

9. Rates tendered should include royalty on stones payable to the Government.

10. Materials supplied by the Government have to be used on the works and the work carried out within the rates tendered.

N. B.—Where lumps are entered, the tenderers have to get such quantities and amounts settled with the Officer in charge or the Executive Engineer, before starting work on such items and noted in order books or other records.

Abstract estimate of restoring Udagoni Thonsikatte Tank, Registered No. 728—1132, Shikarpur Taluk.
